

Herzstück von Kirchenberg

2017

GRÜNER VELTLINER | 0,75 L

Velvety body, smooth, aniseed cake and sweet herbs, banana chips, rich, excellently structured, minerally accented, chiseled, ripe acidity, nicely concentrated, very long finish. Simply great!

Serving suggestion: spicy fish and fried dishes.

Location

This sheltered, south-east facing vineyard, situated below the historic church of Senftenberg, rests on a bedrock of mica schist. The protected location and the soil give the Grünen Veltliner planted here a very special spiciness and an abundance of minerals as is hardly possible in any other location.
