

Nigl

Eiswein 2021

Tasting Note:

Dark Veltliner spicenes, perfectly balanced acidity, hints of apple-quince

Ice wine belongs to the premier class of sweet wine production. It is only possible to press ice wine during a limited number of years, as the grapes must be frozen during processing and for that at least -8 °C is needed.

FACTSHEET

Region: Niederösterreich

Single Vineyard: -

Soil Type: Loess

Elevation: -

Slope Face: -

Ageing: Oak cask
